

Who are doppelgangers?

Doppelgangers are creatures who can perfectly mimic appearance and sometimes behavior of some other person. You may be able to recognize some of the more notorious ones:

T-1000

Mystique

Olsen

Doppelgangers are evil!

Regardless of species and personality, all doppelgangers are inherently evil because any story involving them just DOESN'T MAKE SENSE. You never know who is doing what and why, and everything can be the opposite of what it seems to be. Because of that, anyone who is a confirmed doppelganger must be eliminated at once.

What does a doppelganger look like?

A doppelganger looks exactly like a person whom it is mimicking:

Is There A Test?

The most advanced doppelgangers can read thoughts and imitate the finest details of personality and physiology. There is NO RELIABLE WAY TO DETECT A DOPPELGANGER, besides seeing it change forms.
